### **Travel:**

Students that travel by train to Barcelona must know that in Barcelona there are two main final railway stations: *Estació de França* and *Estació de Sants*. The travel from the railstation to the youth hostel can be made by metro.

The lodgement is near to Ramblas and not far from Plaça catalunya, where Catalans railways leave from.

The best way to travel through Barcelona is by bus or metro. However, and if you do not hurry up, the best way is to walk.

The *Universitat Autònoma de Barcelona* is in the surroundings of Barcelona. In order to arrive at it you have to take the Catalans Railway in *Plaça de Catalunya*, direction *Universitat Autònoma* or *Sabadell*. Look for discounts in travel tickets (for ten tickets, ...)!

In the *Universitat Autònoma de Barcelona*, you have to walk to *Escola Tècnica Superior d'Enginyeria* (ETSE). In the ETSE my desk is in room QC-2022.

In <http://www.uab.es/autonoma/dosframes.htm> there are several maps of the university.

### **WEBs:**
